

WelchAllyn®

Welch Allyn
CP 150™ Electrocardiograph
Simple. Fast. Connected.

Help your department run more efficiently with the Welch Allyn CP 150 Resting ECG—now with optional wireless capability.

Simple, streamlined ECG testing designed to help improve clinician workflows and patient care, providing comprehensive ECG data at the right time.

The CP 150 combines the best traditional box ECG features (e.g., full-size printouts and clinical decision support with MEANS interpretation) with connectivity enhancements designed especially for today's fast-paced facilities.

In fact, **94% of CP 150 users surveyed** say the touchscreen display and simple user interface have helped them improve their efficiency.*

* Source: Survey by Walker Information, Inc. of CP 150 users.

94%
CP 150 users surveyed said:
"I work more efficiently with CP 150"

Simple

Streamline workflow

Can help improve accuracy, reduce errors and streamline workflow with automatic patient identification and worklists.

Intuitive touchscreen display

User-friendly display and interface helps minimize training and save time.

Lead quality display

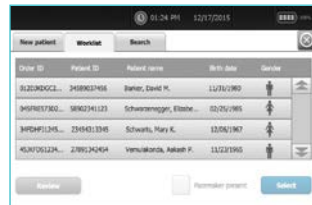

Help avoid repeat ECGs by identifying lead connection problems before completing a test.

Fast

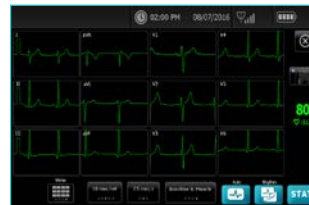

Instant-On Feature

Help eliminate typical start-up delays.

DICOM® or HL7® Worklists

Can help reduce patient data re-entry by importing the DICOM or HL7 worklists.

12-Lead ECG Preview

Large display provides three, six or 12-lead ECG preview options.

ECG Print Preview

Can help save time and reduce paper costs by verifying the ECG test quality prior to printout.

Connected

LAN or optional wireless connectivity aimed at increasing device mobility and utilization

- Optional wireless connectivity through an integrated 802.11 radio
- Share results immediately to put the data where you need it—in your EMR/CVIS/PACS—right away
- Meets globally accepted data encryption standards for enhanced patient information security

Connectivity options tailored to enhance your practice's workflow efficiency

1. Wireless PDF transfer to network folders

2. Compatible with HL7 standards

- Bidirectional workflow with your EMR/CVIS¹
- Help reduce patient data re-entry by importing the HL7 worklist
- Accepts standard ADT (Admit\Transfer\Discharge) messages as well as ORU (Observational Report Unsolicited) and ORM (General Order Message)

3. DICOM® conformance can enhance interoperability with multiple DICOM-compatible platforms

- Bidirectional workflow with your EMR/CVIS¹ or PACS² without the middleware
- Help reduce patient data re-entry by importing the DICOM modality worklist
- Upgrade your existing CP 150 to make it DICOM compatible

HL7 is the registered trademark of Health Level Seven International. DICOM is the registered trademark of the National Electrical Manufacturers Association for its standards publications relating to digital communications of medical information. Wi-Fi is a registered trademark of Wi-Fi Alliance.

1. Cardiovascular information system, 2. Picture archiving and communication system

CP 150 mounted on hospital cart with cable arm and shelf

Office cart wheels

The optional mobile stand makes the CP 150 ECG easy to move from room to room.

- Two choices of mobile carts: Hospital Cart—with four durable rubber wheels, two fixed with brake or four free-wheeling, or Office Cart—with four free-wheeling plastic wheels
- Two side baskets for additional storage
- Optional cable arm and shelf to keep patient cable and printed tests organized

Also Available with Vacuum System Option

(Check local availability)

Ordering Information

Selected Device Configurations*:

CP150-XXXX	CP 150 Non-Interpretive ECG
CP150A-XXXX	CP 150 Interpretive ECG
CP150W-XXXX	CP 150 Non-Interpretive ECG with Wireless Capability
CP150AW-XXXX	CP 150 Interpretive ECG with Wireless Capability
CP150D-XXXX	CP 150 Non-Interpretive ECG with DICOM
CP150AD-XXXX	CP 150 Interpretive ECG with DICOM
CP150WD-XXXX	CP 150 Non-Interpretive ECG with Wireless Capability and DICOM
CP150AWD-XXXX	CP 150 Interpretive ECG with Wireless Capability and DICOM

* XXXX stands for patient cable and electrodes types, language and power cord type. See CP 150 Part Number Configuration document for more information.

Accessories:

719654	10-lead Patient Cable, IEC, Banana, CP 50 / CP 150
721329	10-lead Patient Cable, IEC, Banana, CP 50 / CP 150 - 1,5 Meter
721361	10-lead patient cable, IEC, Pinch, CP 50 / CP 150 (1 m trunk length)
45008-0000	Resting Tab Electrodes, 1000/Box
715006	ECG Multifunction Electrode Adaptors, 10/Pack
VAC-DT100-CP	Vacuum Electrode System for CP 150**
VAC-DT100-A-CP	Vacuum Electrode System with battery for CP 150**
101260	Vacuum Electrode System mounting kit for CP 150**
105353	Recording Paper, CP 100/150/200, 200 Sheets/Pack, 5 Packs/Case
BATT99	9-Cell Lithium Ion Battery, Single Pack

** Only available in selected EU countries. Check local availability with your Welch Allyn representative.

Accessories—Mobile Carts:

105341	CP 150 Office Cart
105342	CP 150 Hospital Cart
105343	CP 150 Cable Arm & Shelf Cart

Welch Allyn Partners In CareSM Extended Warranty Programs:

S4-CP150	CP150, Warranty Extension 1 year
S4-CP150-2	CP150, Warranty Extension 2 years
S4-CP150-5	CP150, Warranty Extension 5 years

Upgrades:

105410	Interpretation Upgrade, CP 150
406814	CP 50/150 Connectivity Kit
106736	CP 150 DICOM Upgrade Kit

Warranty Information:

CP 150 Electrocardiograph—3 years
Patient Cable/Battery—90 days
