diaphragm for easy
low- and high-
frequency monitoring

3M™ Littmann™ Lightweight II S.E. Stethoscope

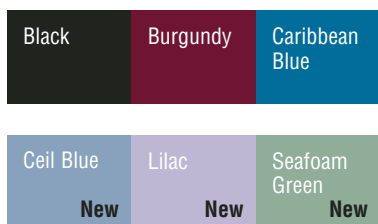

Welcome to Littmann value.

This general purpose, entry-level stethoscope is an excellent, affordable choice for basic blood-pressure and limited physical assessment. Littmann quality shines through from the soft-sealing eartips down to the combination bell/diaphragm chestpiece that provides clear, reliable acoustic performance.

- New chestpiece shape designed for better orientation around blood-pressure cuffs and body contours
- Patented 3M™ Littmann™ Snap Tight Soft-Sealing Eartips provide a comfortable fit and a better seal to reduce ambient noise and improve acoustics
- Tunable diaphragm conveniently alternates between low- and high-frequency sounds without the need to turn over the chestpiece
- Combination bell/diaphragm chestpiece provides clear, reliable acoustic performance
- Lightweight design for easy portability
- Anatomically angled headset ensures proper fit for better acoustics
- Double-leaf binaural spring allows easy tension adjustment for comfortable fit
- Patient-friendly, nonchill rim and diaphragm
- Single-lumen tubing available in a variety of colours (including three new colours)
- Two-year warranty
