  EDAN SpO$_2$, EDAN NIBP, PR
- **Optional Parameters**
  Nellcor™ SpO$_2$, SunTech® NIBP，EDAN Quick TEMP, Infrared Ear TEMP

Redefinition of Adaptive Work Modes

• Round Mode
Special work mode designed for daily ward rounding application. Worklist could be easily input through USB disk or downloaded from EMR system. Moreover, the color-coded patient list comes with square windows interface design, you can tell patients' status and information in a quick glance.

Patient management   Patient status with color code

• Monitoring Mode
For continuous patient monitoring with real-time data, real-time alarms, and history trend.

• Spot Mode
For spot-check applications, such as out-patient, emergency, etc. Real-time vitals are acquired and displayed, no alarm will be seen or heard.
