

Adtemp™ Mini 432 Non-Contact Thermometer

Our newest non-contact model, the Adtemp™ Mini 432, is compact, lightweight, and incredibly portable. Clips to a retractable lanyard (included), making it the perfect instrument for patient rounds.

The Adtemp™ Mini 432 infrared thermometer features

- One-second readings
- Compact, lightweight size, measures 3.5" and 1.6 oz
- Color-coded LCD display with fever warning
- 9-reading memory
- °F/°C switchable display
- Rechargeable Li-ion battery, good for 1,000 measurements on a full charge, and 300,000 measurements over lifetime (micro USB cable included)
- Clips to wearable, retractable lanyard so it's always on hand
- Audible beep when measurement is complete
