## CUFFED AND UNCUFFED TRACHEOSTOMY TUBES

### CUFFED AND UNCUFFED TRACHEOSTOMY TUBES

Curve tubes designed to rapidly provide an airway within seconds during an emergency by inserting them into a tracheostomy stoma, a hole created in the neck and windpipe. The hollow tube whether with or without cuff, is directly placed into the trachea through a surgical incision, using a wire-guided progressive dilation technique.

- tube is made of medical grade, non-toxic, clear and kink-resistant PVC to protect delicate mucosal tissue
  - smooth rounded obturator's tip reduces trauma during insertion
  - neck plate with printed size for easy identification
  - standard connector
  - radio-opaque line helps to determine exact tube location
- Tube includes: cuff (cuffed only), inflation line, valve, pilot balloon (cuffed only), obturator, neck plate, connector and tube ties. Sterile, single patient. Class IIa. DEHP-free. Made with no natural rubber or latex.

### Cuffed tracheostomy tubes additional features

- high-volume low-pressure cuff provides an effective low-pressure seal
- soft, thin-walled cuff ensures effective sealing and atraumatic intubation and extubation
- efficient one-way valve for cuff inflation and deflation

# PEHA® DISPOSABLE STAINLESS STEEL INSTRUMENTS - STERILE

Single-use instruments made of matt brushed, high-quality stainless steel. Made in EU, they offer similar characteristics as multi-use instruments in terms of intended performance, haptics and design. Sterile, individually packed and ready-to-use for a variety of surgical interventions. They allow precise handling during procedures. Peha® color lock® safety marking allows quick and reliable differentiation from multi-use instruments. The self-adhesive traceability label on the packaging facilitates easy, fast and less error prone data entry into the patient records. Excellent choice for health care facilities with no processing unit. Recyclable and disposable in existing clinical waste containers after use. Multilingual box: GB, FR, IT, ES, PT, DE, NL, PL, GR, HU, CZ, SI, RU, Arabic.
